**THE ST. LOUIS, (MO.) DEMO-**  
STRATION: Below we publish a letter to Dr. Wood,  
written from a gentleman in Maine which speaks  
of the superior merits of his hair tonic.  
We have no hesitancy in recommending it as a  
remedy most likely to effect what you wish from  
the source. If certificates are quantities of  
them Dr. needs no encomiums, nor useless put-  
ting in the press:

BATH, MAINE, Jan. 20, 1866.

R O J. Wood & Co:  
Gentlemen: Having my attention called by  
your circular to the high and official effects of your  
restorative, I was induced to make application

character. Some three months ago I procured a bottle of your hair restorative, and used it twice a week. I have since procured another bottle of which I have used some. I can say that it has done me good. My hair has become its natural color and has grown more slowly than it has been before for twenty years. I am now sixty years old; my good wife is of fifty-two, has used it with the same success, notice I deem due to you for your recovery of my hair. I assure that whoever will use your preparation will not regret it. I repeat and let my statements, I am a citizen of this a resident here for the last fifteen years, and am now married and have a family of four children. Any use you may make of the above is nothing attached, is not at your service, as I wish to

 TOR WOOD—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the young man's disease, in 1884, I tried to make a trial of your preparation, and was pleased to answer as the very thing needed. My hair thick and glossy, and no words can express the pleasure to you in giving me such success.
